One Million Dollars Saved In Comparison with Stock Insurance Rates

Michigan is one of the states that has a large and successful mutual automobile insurance company with over 28,000 members with 780 claims paid, and still has a surplus fund of about \$56,000.00.

The Company is well located in a small town and makes a specialty of insuring the automobiles of farmers and the business men of the small towns of Michigan. It started at the right time and is now starting its fourth season of success.

It is the only mutual automobile insurance company that publishes the amount of money on hand to take care of its members and the number of members.

The responsible and active agents are acting for the Company as they do not wish to represent a small company. Why take chances on a small company when you can insure in the big and well established mutual. It is the only mutual company in Michigan that can stand the shock of serious losses and pay the claims promptly with money now in the treasury.

COST ONLY \$1.00 FOR POLICY AND 25 CENTS PER H. P. COVERING FIRE, THEFT AND LIABILITY.
